My name is Mohini Hersom. I am messaging from Dublin. I had messaged this church earlier, in March 2024. as neighbouring my father's house. Pastor Tom Wederell very kindly answered. He went to my 1934 born father's address 19 Carston Grove, RG31 7ZN, to do a live-and-well check. He was met by Mrs Tidbury of 20 Carston Grove, 0118 941 6560. She told him my father K Venkataramanan, 0118 9415032, 07757 491353, was staying with my sister, who lives in Tadley. This was very kind of him, I had contacted your church after my father's voice faded, while saying he was seriously ill, after which he has never answered the phone. In April ,an Indian Christian friend went to do a live and well check on my father at my sister's residence however the sister was not home and nobody opened the door for him. My sister returned registered post I addressed to my father. Although he does not suffer from dementia, is physically and mentally helpless in the hands of a lady who would not like it if he spoke to me. On May 11th my sister signed for and accepted registered post at 19 Carston Grove from me to my father which suggests my father is back in your neighbourhood, And alive. Please help. I phoned 07967 898 609 today and it kept ringing. . I do not know if this is Pastor Wederell's number. But I found your 2 June Service on Youtube, so I liked and subscribed, and listened to the service. I can be contacted on +44 7706 554261.
