Dear Sir Madam

| wish to request doctor discretion on releasing information about my father's health and welfare. My father, Mr Krishnaswamy Venkataramanan of 19 Carston Grove, RG317ZN 01189415032, 07757491353, date of birth 18/01/1934 who is a patient with you.

I spoke to your secretary who said she cannot tell about my father, including whether he is alive or dead. My sister Viju Wortley is named as near of kin. I am KV's older daughter. | am not allowed to contact my sister so the secretary felt she will keep everything secret. She does not understand, just because | am not to contact the sister does not mean. I am not to contact anyone on the planet. Just because Viju is named as near of kin does not mean. I am banned from receiving information of my fathers health. It is doctor discretion. Doctors will never release medical information to unknown parties.

I have made an effort to identify myself. Now | know that doctors and lawyers do not open attachments so attached them as inline photos. You wont need download anything to view them. There is a recent bank statement and an older one showing my current address as well as previous UK address. Two forms of identification, two photos of dad and 1 of myself.

I don't know if this is sufficient to identify myself. If so, there is doctor discretion. Doctors can do what they want w.r.t sharing confidential information or withholding it. Today, 26" March 2024 | do not even know if Daddy is alive or dead.

He is not answering his phone. He said 2 days ago he has become seriously ill, and is staying with Viju as he cant take care of himself. His voice sounds like wind through a hollow pipe hardly audible. My sister wont allow me to enter the UK and she wont inform me if our Daddy dies.

Whatever their decision, I would like Drs Mr and Mrs Rock to assist me
